David cooper I have lived all my life as a wanderer, did what I saw was fit, from weed to cocaine to alcohol, not a drug I haven't tried. checked myself into rehabs from all around the world all the way from US to Thailand. Felt empty from within before I chose India, I came to sanctum as a broken man, wasn't expecting much, just wanted a break from life and today, exactly 170 days after I left I feel like this was my life's calling all along, I reconciled with my ex wife, been clean and happy. And with every passing day I thank God for this beautiful sanctuary located in the spritual land of India called sanctum. God bless and God speed you guys.	External Links	Dofollow

While there's no exact limit to the number of links you should include on a page, best practice is to avoid exceeding 200 links.

Links pass value from one page to another, but the amount of value that can be passed is split between all of the links on a page. This means that adding unnecessary links will dilute the potential value attributed to your other links.

Using the Nofollow attribute prevents value from being passed to the linking page, but it's worth noting that these links are still taken into account when calculating the value that is passed through each link, so Nofollow links can also dilute pagerank.

Broken Links

No broken links were found on this web page

Broken links send users to non-existing web pages. They are bad for your site's usability, reputation and SEO. If you find broken links in the future, take the time to replace or remove each one.
